

NOTICE TO
FLOOD INSURANCE STUDY USERS

Example B

Communities participating in the National Flood Insurance Program have established repositories of flood hazard data for floodplain management and flood insurance purposes. This Flood Insurance Study (FIS) report may not contain all data available within the repository. It is advisable to contact the community repository for any additional data.

Part or all of this FIS report may be revised and republished at any time. In addition, part of this FIS report may be revised by the Letter of Map Revision process, which does not involve republication or redistribution of the FIS report. It is, therefore, the responsibility of the user to consult with community officials and to check the community repository to obtain the most current FIS report components.

Initial FIS Report Effective Date: March 20, 1995

Revised FIS Report Dates:

This preliminary FIS report does not include unrevised Floodway Data tables or unrevised Flood Profiles. These Floodway Datatables and Flood Profiles will appear in the final FIS report.
